Thank you for your generous donation to the Every Woman Matters: A Walk for Women and Their Families. This inspirational 5K (3.1-mile) walk along the Jones Beach Boardwalk will celebrate women's health and wellness. All proceeds will benefit the new Katz Institute for Women's Health and Katz Women's Hospital of the North Shore-LIJ Health System – an incredible initiative that promises to transform women's healthcare forever.

The money raised will bring North Shore-LIJ one step closer to providing world-class healthcare to the most important women in our lives. Your contribution will assist in these endeavors.

Thank you again for your support of the new Katz Institute for Women's Health and Katz Women's Hospital of the North Shore-LIJ Health System.

Sincerely yours,

Veronica Oquendo
